MANAGEMENT DISCUSSION AND ANALYSIS**1. INDUSTRY STRUCTURE & DEVELOPMENT**

Industries such as Auto, FMCG, food processing, consumer durables, Paper & Pulp sector have considerable requirements for integrated logistics parks owing to their higher need for warehousing and transportation activity. Therefore with the mushrooming of industries in the industrial area Rudrapur, Uttarakhand, the Multi Modal Logistics Park (MMLP) has been set up for providing single window services and seamless connectivity for promoting hinterland transportation of containers as well as break bulk cargo. This has enabled freight traffic to switch from the road to the rail network. By linking the freight traffic to the rail network, the cost of transportation will be reduced for the industries in the catchment area of MMLP Pantnagar.

**2. SERVICES AND FACILITIES AT MMLP**

MMLP- Pantnagar is strategically located near national highway No. 87. MMLP has wide hinterland covering industrial areas like Pantnagar, Haldwani, Bazpur, Gadarpur, Kichha, Sitarganj, Khatima, Lalkuwa, Bareilly etc.

The MMLP provides Rail/Road transportation, Handling and warehousing to EXIM and Domestic as well as conventional railway wagons like NMG, BCN, BOXN, etc. The facility provides Rail connectivity to/from three gateway ports i.e. Mundra & Pipava in Gujrat and JNPT in Mumbai. And in domestic segment MMLP is providing services on pan India basis in general and particularly to Mumbai/Dronagiri/Gandhidham in West, Hyderabad/Chennai and Bangalore in south and Shalimar (Kolkata) in East.

The MMLP is also ready for NMG Rake service covering all India destinations. In addition to the transportation the MMLP also provides warehousing facility for domestic and EXIM customers and facility of Bonded & Transit warehousing.

**3. INTERNAL CONTROL SYSTEMS**

SCICL, in order to ensure that all checks and balances are in place and all internal control systems are in order has well laid down and documented systems and procedures in place. It has appointed M/s. Kawaljeet Singh and Company Chartered Accountants as Internal Auditors of the Company for the financial year ended 31st March, 2020, whose scope of work is very exhaustive to cover area of operations, compliances, accounting and finances and verification of internal controls. Reports of the auditors are reviewed, compliances are ensured and the reports along with the compliances are put up to Audit committee & Board of SCICL periodically. Therefore, the Company has well laid down internal controls, including on financial report.

**4. SECURED AND UNSECURED LOANS**

The company has not availed any secured/unsecured loan during the year under report.

**5. CAPITAL WORK IN PROGRESS**

During the period under Report, an amount of Rs.0.86 crores were spent towards capital work in progress. As on 31<sup>st</sup> March, 2020, the closing balance of capital work in progress amounted to Rs.1.12 Crores.

## 6. NON CURRENT ASSETS

Particulars	Amount in INR Crores	
	FY ended 31 <sup>st</sup> March, 2020	FY ended 31 <sup>st</sup> March, 2019
Fixed Assets	81.95	73.31

## 7. INVENTORIES

The company being a service company does not have stock in trade.

## 8. INCOME

During the year under report, the business picked the speed and the containers handled at MMLP, Pantnagar for the said period were 37898 TEUs. The company achieved turnover of Rs. 12.84 crores and Income from other sources was Rs. 1.39 crores in the financial year 2019-20.

## 9. EXPENSES

During the financial year under Report 2019-20, the operational and other expenses decreased to Rs. 6.43 Crores from Rs. 7.48 crores in FY 2018-19.

## 10. EMPLOYEE REMUNERATION

There is no employee/ officer on the role of SCICL till date. As on date the Company has a Company Secretary, CFO & two Executives appointed on contractual basis. CEO and four other employees from CONCOR have been placed on deputation/ secondment basis. The remuneration paid to the secondment staff amounted Rs.0.65 crores and to the contractual staff Rs.0.19 crores.

## 11. TAXATION

The income tax provision for the financial year ended 31<sup>st</sup> March, 2020, which was on account of deferred tax was amounting to Rs. -8.83 crores as compared to Rs. 0.19 crores by 31<sup>st</sup> March, 2019.

## 12. SWOT ANALYSIS

### STRENGTHS

- Being CONCOR as holding company, SCICL have best expertise in this field and huge rake availability
- Very good connectivity to/from major gateway ports as MMLP is located on the main Delhi – Kathgodam railway line
- Located off the NH-87, thereby, providing easy connectivity to road
- Wide industrial hinterland with industries like automobiles, talk powder, FMCG, papers, textiles etc.
- Being MMLP, SCICL is able to serve all kind of commodities & industries at a single location.

### WEAKNESSES

- Being new facility relatively will take more time to stabilize its footprint in the industry
- MMLP is located at far from major waste paper industries established at Kashipur, Dhampur, etc. than the private ICD located at Kashipur.

#### OPPORTUNITIES

- Nearer to four major industrial hub like Pantnagar, Khatima, Sitarganj & Haldwani, So, SCICL can provide cost & time effective logistics services to the industries.
- Huge opportunity to tap automobile business with major industries like TATA, Mahindra, Ashoka etc.

#### THREATS

- Private ICD located at Kashipur is a main competitor for SCICL.

**1. Application of New or Revised Ind AS**

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020.

**2. Statement of compliance**

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind ASs) notified by the Central Government under section 133 of the Indian Companies Act, 2013 as Companies (Indian Accounting Standards) Rules, 2015 and as amended from time to time.

**3. Basis of preparation of Financial Statements**

The financial statements have been prepared on the historical cost basis except financial instruments that are measured at revalued amounts or fair values at the end of each reporting period. In estimating the fair value of an asset or a liability, the company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in the financial statements is determined on such a basis, except for leasing transactions that are within the scope of IND AS 116 and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value-in-use in Ind AS 36.

**4. Property, plant and equipment:**

- (i) Property, plant and equipment are stated at cost, less accumulated depreciation and accumulated impairment losses. The initial cost of an asset comprises its purchase price or construction cost, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any, and, for assets that necessarily take a substantial period of time to get ready for their intended use, finance costs. Cost includes net of interest on capital advances, refundable purchase taxes and duty credits and is inclusive of freight, duties, taxes and other incidental expenses. In respect of assets due for capitalization, where final bills/claims are to be received/passed, the capitalisation is based on the engineering estimates. Final adjustments, for costs and depreciation are made retrospectively in the year of ascertainment of actual cost and finalisation of claim. Items such as spare parts, stand-by equipment and servicing equipment are recognised in accordance with this Ind AS 16 when they meet the definition of property, plant and equipment.

- (ii) Capital work in progress includes the cost of fixed assets that are not yet ready for their intended use and the cost of assets not put to use before the Balance Sheet date.
- (iii) Provision for stamp duty at the prevailing rate is made by the company at the time of capitalization of the amount paid for acquisition of land & is capitalised as part of the cost of Land.

**Depreciation/amortisation:**

- (iv) Fixed Assets are depreciated over its useful life and in the manner prescribed in Schedule II to the Companies Act 2013, other than as prescribed below.
  - a. Assets constructed on leasehold land, other than perpetual leases are depreciated over the period of lease or useful life of such assets, as prescribed under Schedule II of Companies Act 2013, whichever is less.

In respect of assets whose useful lives has been revised, the unamortised depreciable amount is charged over the revised remaining useful lives of the assets.

- (v) Capital expenditure on enabling assets, like roads, culverts & electricity transmissions etc., the ownership of which is not with the Company are charged off to revenue in the accounting period of incurrence of such expenditure. However, capital expenditure on enabling assets, ownership of which rests with the company and which have been created on land not belonging to the Company is written off to the Statement of Profit & Loss over its approximate period of utility or over a period of 5 years, whichever is less. For this purpose, land is not considered to be belonging to the company, if the same is not owned or leased/licensed to the company.
  - (vi) Pre-operative expenditure comprising of revenue expenses including depreciation of intangible assets Land license fees and maintenance charges, professional charges reimbursed to CONCOR on secondment of staff, legal and professional charges incurred in connection with project are treated as part of project costs and are capitalized up to commencement of operation. All the preoperative expenses incurred up to the date of commencement of commercial operation are capitalized in the Capital Work in progress and other capitalized fixed assets in the ratio of cost incurred.
  - (vii) Land license fees paid on annual basis to SIDCUL and Indian Railways up to the date of commercial operation of the company is debited to pre-operative expense and is capitalized along with the Fixed Assets & Capital work in progress.
  - (viii) An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.
  - (ix) Non-current assets (or disposal groups) are classified as assets held for sale when a sale is considered highly probable and their carrying amount is to be recovered principally through a sale transaction rather than through continuing use. Non-current asset (or disposal groups) classified as held for sale are stated at the lower of carrying amount and fair value less costs to sell. Property, plant and equipment and intangible assets are not depreciated or amortized once classified as held for sale.
5. **Intangible assets:** Expenditure on computer software, which is not an integral part of hardware, is capitalised as an intangible asset. The cost of software includes license fee and implementation cost and is capitalised in the year of its implementation. Intangible assets are stated at cost, less accumulated depreciation and accumulated impairment losses. Software

is amortized fully in the year of purchase being management's estimate of life of assets over which economic benefits will be derived. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

#### **6. Impairment of non-financial assets:**

At the end of each reporting period, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

#### **7. Inventories:**

Stores and spare parts are valued at cost on weighted average basis or Net Realizable Value (NRV) whichever is lower. Provision for obsolescence is made, whenever required.

#### **8. Employee benefits:**

The Company does not recognize any employee benefits expense and provision towards post-employment and post-retirement benefits for employees as it does not have any employees employed directly on its payroll. The staffs are either taken on deputation/secondment from the holding company-Container Corporation of India (CONCOR) or are hired on contract basis.

#### **9. Foreign currency transactions:**

Functional currency: The functional currency of the Company is the Indian Rupee. These financial statements are presented in Indian Rupees.

- (i) Income, Expenditure & Assets denominated in foreign currencies are recorded at the exchange rate prevailing on the date of transaction.
- (ii) Loans, Current liabilities and Current assets in foreign currencies are translated at the exchange rate prevailing at the end of financial year.
- (iii) Gains or losses due to foreign exchange fluctuations are recognized in the Statement of Profit & Loss.
- (iv) Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not translated.
- (v) The date of transaction (which includes receipt or payment of advance consideration in a foreign currency) for the purpose of determining the exchange rate, is the date of initial recognition of the non-monetary asset or non-monetary liability. If there are multiple payments or receipts in advance, a date of transaction is established for each payment or receipt.

## 10. Revenue recognition:

- (i) Basic principal of Revenue Recognition:
- i. Revenue is recognized on satisfaction of each performance obligation (distinct services) as per the terms of the contract.
  - ii. Performance obligations are treated as distinct obligation:
    - a. When it is identifiable separately from other obligations in the contract;
    - b. Its progress can be measured separately;
    - c. Transaction price to the performance obligation can be allocated;
    - d. The customer will not be required to re-perform the services already performed in case it decides to terminate the contract at that stage;
    - e. There will not be any impairment in the value of services already performed; and
    - f. The customer can get the rest of the performance without intervention of SCICL.
  - iii. Satisfaction of performance obligation:  
Container movement between two destinations is considered distinct performance obligation under each contract and the contract is treated as 'over the period contract'.
  - iv. Transaction price for each primary obligation is fixed at the time of entering into contract. Rates at which incidental services are charged are also known at the time of entering into contract. Therefore "output method" of revenue recognition is applied.
  - v. Volume discount scheme (VDS) is in the nature of variable consideration. Since, VDS is not universally applicable to all contracts, fair estimate is made of such consideration payable in specific cases and is deducted from Gross Revenue to reflect revenue net of variable consideration on the reporting date.
- (ii) Road Freight Income:  
Road freight income and charges for incidental services and related expenses are accounted for on satisfaction of performance obligation i.e., transportation of container to the destination terminal/port/customer's premises after providing all incidental services required in the course of primary obligation of transportation like loading & unloading etc. to make the container/cargo ready for delivery.  
However, in case of door delivery of container arrived by rail from other locations, road freight income and charges for incidental services are accounted for on returning of these container at SIDCUL Terminal from customer premises.
- (iii) Terminal Access charges:  
Terminal Access charges are accounted for:
  - a. In case of Containers(Loaded/Empty), on loading/unloading of containers at SIDCUL Terminal on/from Container Corporation of India Rakes
  - b. Terminal Access Charges on Conventional Railway wagons are accounted for on the basis of arrival or departure of these wagons.
- (iv) Warehousing Income:
  - a. Warehousing Charges in domestic segment are recognized on accrual basis.
  - b. Warehousing Charges in EXIM segment are recognized at the time of release of cargo to the customer.
- (v) Terminal service charges:
  - a. Terminal Service Charges (TSC) on empty containers and loaded domestic containers are recognized on accrual basis.
  - b. Terminal service Charges (TSC) on EXIM loaded containers are recognized at the time of release of containers.
- (vi) Interest income from deposits is recognized on accrual basis.
- (vii) Interest on income tax refunds are accounted for on the finalization of assessments."

### **11. Claims/counter-claims/penalties/awards:**

Claims/counter-claims/penalties/awards are accounted for in the year of its settlement.

### **12. Taxes on income:**

Income tax expense represents the sum of the tax currently payable and deferred tax.

#### Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

#### Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

#### Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

### **13. Provisions, contingent liabilities & contingent assets:**

#### **(i) Provisions:**

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into

account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

**(ii) Onerous contracts:**

Onerous Contracts: A contract is considered as onerous when the expected economic benefits to be derived by the company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the company recognises any impairment loss on the assets associated with that contract.

**(iii) Contingent liabilities:**

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

**(iv) Contingent assets:**

Contingent assets are not recognized in the accounts. However they are disclosed when the possible right to receive exists.

**14. Government grants**

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received.

Government grants related to income are deferred and recognised in profit or loss over the period necessary to match them with the cost that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight line basis over the expected lives of the related assets and presented within other income.

**15. Earnings per share (EPS)**

Basic earnings per share ("EPS") is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of shares outstanding during the year.

Diluted EPS is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the period except where the result would be anti-dilutive.

## 16. Cash and Cash Equivalent

For the purpose of presentation in the cash flow statement, cash and cash equivalents include cash on hand, demand deposits with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

## 17. Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

### (i) The Company as lessor

Leases for which the Company is a lessor is classified as finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as finance lease. All other leases are classified as operating leases.

For operating leases, the rental income/lease payments received are recognized on straight-line basis over the lease term.

For finance leases, finance income is recognized over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. The Company assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. However, if a head lease is a short term lease, wherein the Company has accounted lease payments on straight line basis, then it classifies the sub-lease as an operating lease.

### (ii) The Company as lessee

At the date of the commencement of the lease, the Company recognizes a right-of-use assets ("ROU") and a corresponding lease liability for all the lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and low value leases, the Company recognizes the lease payments as an expense on a straight-line basis over the term of the lease.

In determining the lease term, Company considers the Option to extend/terminate the lease, wherever it is reasonably certain to exercise such option.

Lease liability is initially measured at the present value of future Lease payments due to the lessor over the lease term, with the discount rate determined by reference to the rate implicit in the lease and in case it is not determinable, Company's incremental borrowing rate on commencement of the lease is used. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole.

The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The Company only include variable lease payments in measurement of the lease liability if they depend on index or rate. Other variable lease payments are charged to statement of profit & loss. The lease liability is subsequently re-measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

The Company recognizes the amount of the re-measurement of lease liability due to reassessment/ modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of reassessment/modification. However, lease modification is accounted as separate lease if the modification increases the scope of the lease by adding the right to use one or more underlying assets and the consideration for lease increases by an amount commensurate with stand-alone price for the increase in the scope.

The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. They are subsequently measured at cost less accumulated depreciation, accumulated impairment losses, if any and adjusted for any re-measurement of the lease liability.

Right-of-use assets are depreciated on a straight-line basis over the lease term or remaining useful life of the underlying assets as prescribed in IND AS 16 (PPE)/Schedule II of Companies Act 2013, whichever is shorter.

## **18. Segment reporting**

The Company's segmental reporting is in accordance with Ind AS 108 Operating Segments. Operating segments are reported in a manner consistent with the internal reporting provided to the board of directors, which is responsible for allocating resources and assessing performance of the operating segments, and has been identified as the chief operating decision maker.

## **19. Financial Instruments**

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Fair value of financial instruments that are quoted in active markets using the quoted bid prices ( financial assets held ) or quoted ask prices ( financial liabilities held ) and using valuation techniques for other instruments . Valuation techniques include discounted cash flow method and other valuation models.

## **Financial Assets**

### **Initial recognition and measurement**

All financial assets are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial asset is also adjusted.

### **Subsequent measurement**

The company's financial assets represents assets whose contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding and these assets are held in a business model to hold the financial asset to collect the contractual cash flows at maturity consequentially in accordance with Ind AS 109 these assets are carried at amortized cost using effective interest rate.

### **De-recognition of financial assets**

A financial asset is primarily de-recognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

## **Financial Liabilities**

### **Initial recognition and measurement**

All financial liabilities are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial liabilities is also adjusted. These liabilities are classified at amortised cost.

### **Subsequent measurement**

Subsequent to initial recognition, these liabilities are measured at amortised cost using the effective interest method. This category generally applies to long-term payables and deposits.

### **De-recognition of financial liabilities**

A financial liabilities is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

### **Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### **Financial Guarantee Contracts**

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by a Company entity are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- The amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- The amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

## **20. Impairment of financial asset**

In accordance with Ind-AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive. When estimating the cash flows, the Company is required to consider –

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

### **Trade receivable**

As a practical expedient the Company has adopted 'simplified approach' using the provision matrix method for recognition of expected loss on trade receivables. The provision matrix is based on historical default rate observed over the expected life of the trade receivable and is adjusted for forward-looking estimates. At every reporting date, the historical default rates are updated and changes in the forward-looking estimates are analysed. Further receivables are segmented for this analysis where the credit risk characteristics of the receivables are similar.

### **Other financial assets**

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition and if credit risk has increased significantly, impairment loss is provided.

## **21. Registration Fee:**

Registration fee paid to Ministry of Railways (MOR) for running of Private Freight Terminals (PFT) is shown as Prepaid Expenditure under 'Current Assets' and 'Non-Current Assets'. The registration fee is amortized over the period covered by the respective agreements with Indian Railways.

## **22. Significant management judgement in applying accounting policies and estimation uncertainty**

### **Significant management Judgements**

When preparing the financial statements, management undertakes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

The following are significant management judgements in applying the accounting policies of the Company that have the most significant effect on the financial statements.

**Recognition of deferred tax assets:** The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized.

#### **Estimation certainty**

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual result may be substantially different.

**Defined benefit obligation:** Management estimates of these obligation is based on a number of critical underlying assumptions such as standard rates of inflation, medical cost trends, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the defined benefit obligation amount and the annual defined benefit expenses.

**Provisions:** At each balance sheet date based on management judgement, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding warranties and guarantees. However the actual future outcome may be deferent from this judgement.

### **23. Recent Accounting Pronouncement**

#### **Application of New IND AS-116 (Applicable from 01/04/2019)**

At the preparation of these financial statements, Ministry of Corporate Affairs (MCA), in March 2019, notified a new IND AS-116 (Leases) substituting the existing IND AS- 17 which is applicable from 01.04.2019. The impact of new IND AS has been summarized as follows:

The new IND AS-116 has been notified to increase transparency and comparability among organizations by requiring them to recognise Right-of-Use ("ROU") assets and lease liabilities on their balance sheet. While the asset has to be depreciated as per IND AS-16 (PPE), liability has to be adjusted over the period of lease. Under this standard, disclosures are required to be made with the objective of enabling users of financial statements to assess the amount, timing and uncertainty of cash flows arising from leases. The Company will be required to recognize and measure leases existing at, or entered into after, the beginning of the earliest comparative period presented using a retrospective method, with certain practical expedients available.

The standard will be effective for Financial Statements beginning April 1, 2019. As per management's understanding, this standard will have an impact on the Balance Sheet, but the impact on Profit and Loss Statement will not be material. The most significant impact will be the recognition of ROU assets and lease liabilities for lessees, while accounting of leases as lessor will remain substantially unchanged.

As a lessee, this standard will apply to leasing of equipments and certain category of land etc.

The company is evaluating the provisions of this IND AS and its effect on the financial statements is being evaluated.

#### **Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments :**

On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or

group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount of the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates.

The standard permits two possible methods of transition - i) Full retrospective approach - Under this approach, Appendix C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors, without using hindsight and ii) Retrospectively with cumulative effect of initially applying Appendix C recognized by adjusting equity on initial application, without adjusting comparatives.

The effective date for adoption of Ind AS 12 Appendix C is annual periods beginning on or after April 1, 2019. The Company will adopt the standard on April 1, 2019 and has decided to adjust the cumulative effect in equity on the date of initial application i.e. April 1, 2019 without adjusting comparatives.

The effect on adoption of Ind AS 12 Appendix C would be insignificant in the financial statements.

#### **Amendment to Ind AS 12 - Income taxes:**

On March 30, 2019, Ministry of Corporate Affairs issued amendments to the guidance in Ind AS 12, 'Income Taxes', in connection with accounting for dividend distribution taxes. The amendment clarifies that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events. Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company is currently evaluating the effect of this amendment on the financial statements.

#### **Amendment to Ind AS 19 - plan amendment, curtailment or settlement-**

On March 30, 2019, Ministry of Corporate Affairs issued amendments to Ind AS 19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements. The amendments require an entity:

- To use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company is currently evaluating the effect of this amendment on the financial statements.

#### **24. COVID-19 related Information:**

On 24th March 2020, the Government of India ordered a nationwide lockdown for 21 days which further got extended till 31st May, 2020, to prevent community spread of COVID-19 in India resulting in significant reduction in economic activities. Barring essential services, most of the manufacturing and service industry was put under lockdown. Terminal business was included under essential services and continued operations albeit with certain expected limitations. Volumes at GTS were marginally impacted in March, 2020. The impact of COVID-19 on business is expected to be experienced in the first quarter of financial year 2020-2021. However, the company does not foresee a significant impact beyond that period or further any material long term impact of COVID-19 on the business.

The company has made detailed assessment of its liquidity position for the next one year and of the recoverability and carrying values of its assets comprising property, plant and equipment, intangible assets, deferred tax assets and Trade receivables as at the balance sheet date, and has concluded that there are no adjustments required in the financial statements.

The company has performed detailed analysis on the assumptions used on the basis the internal and external information/indicators of future economic conditions and expects to recover the carrying amount of the assets. The company has made a detailed assessment of its liquidity position and will be able to generate sufficient cash to fund its operations. Management believes that, in the preparation of the financial statement, it has taken into account all known events arising from COVID-19 pandemic. However, the assessment of the impact of COVID-19 is an ongoing process and Company will continue to monitor any material change to future economic conditions.

Note 18.1: During FY 2015-16 the company received Rs. 8.73 crore from CONCOR, which CONCOR received from Ministry of Commerce and Industry under Assistance to States for Development of Export Infrastructure and Allied Activities Scheme (ASIDE scheme) for construction of Road Over Bridge (ROB) to facilitate the Multi Modal Logistics Park (MMLP) project led by the company.

However as the ROB project was long pending and no development in the project is seen in spite of all the sincere efforts by the management the said amount was not utilized till 31st March 2017 and therefore the management has refunded Rs 7.5 Crore in the FY 2017-18.

The MOCI demanded the interest on the grant amount and the company had not acknowledged the interest as debt in earlier years but requested for the waiver of the interest. The same is being pursued with the MOCI pending any decision from MOCI. A provision of Rs. 10479624/- has been made in the books of Accounts.

#### 36.3 Financial Risk Management

##### 36.3.1 Objective

The Company's corporate treasury function monitors and manages the financial risks relating to the operations of the Company by analyzing exposures by degree and magnitude of risks. These risks include credit risk and liquidity risk.

### 36.3.2 Credit Risk Management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company only transacts with entities that are rated the equivalent of investment grade and above. The Company regularly monitors its counterparty limits that are reviewed and approved by the risk management committee to control its credit risk.

#### Possible Credit Risk

Credit risk related to bank balances and security deposits

#### Credit Risk Management

1. The Company has bank balances held with a reputed and creditworthy banking institution.
2. Company has some deposits with Ministry of Railways and UICL and the Company is not exposed to any credit risk from these securities.

#### Trade receivables

The company has a policy of collecting the expected dues on advance basis from customers. Therefore, the company has limited exposure to credit risk from customers.

### 36.3.3. Liquidity Risk Management

Liquidity risk is the risk that suitable sources of funding for the Company's business activities may not be available. The Company manages liquidity risk by monitoring its forecast and actual cash flows, maintaining adequate reserves and by matching the maturity profiles of financial assets and liabilities.

36.3.3.1 The table below provides details regarding the contractual maturities of financial liabilities including estimated interest payments as at March 31, 2020

Particulars	Carrying amount	Due in 1st year	Due in 2nd year	Due in 3 years or more	(Amount in ₹) Total contracted cash flows

### Report on the Ind AS Financial Statements

#### Opinion

We have audited the accompanying Ind AS financial statements of **SIDCUL CONCOR INFRA COMPANY LIMITED** ("the Company"), which comprise the Statement of Balance Sheet as at 31<sup>st</sup> March, 2020, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs (financial position) of the Company as at 31<sup>st</sup> March, 2020, and its Profit (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

GAUTAM  
KATHURI  
A

Based on the circumstances and facts of the company and the audit, we have determined that there are no key audit matters to communicate in our report.

### **Management's Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the state of affairs(financial position), Profit (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken in to account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. Reasonable assurance is a high level of assurance, but it is not guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of user's on the basis of these financial statements. In making those risk assessments, the auditor considers internal financial control

relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances.

An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

### **Report on Other Legal and Regulatory Requirements**

1. As required by Section 143(3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The Statement of Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
  - d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act.
  - e) On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164(2) of the Act.
  - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
  - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - i. The Company does not have any pending litigations which would impact its financial position.
    - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
    - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

3. As required by Section 143(5) of the Act, we give in the "Annexure C", a statement on the matters specified in the Directions issued by The Comptroller and Auditor General of India, and in our opinion, no action is required to be taken thereon and there is no impact on the accounts and financial statements of the Company.

**ANNEXURE-A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE  
Ind AS FINANCIAL STATEMENTS OF SIDCUL CONCOR INFRA COMPANY LIMITED.**

Reports on the internal Financial Controls under clause (i) of subsection 3 of section 143 of the companies Act 2013 ("the Act")

We have audited the internal financial controls over financial reporting of SIDCUL CONCOR INFRA Company Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the company for the year ended on that date.

**Management Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial control based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company' internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the company has in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March 2020, based on the internal control over financial reporting criteria established by the company considering the essential component of internal controls stated in the Guidance note issued by the Institute of Chartered Accountant of India.
